December 4, 2015

Linzor Capital Partners (“Linzor”) has entered into an agreement with General Electric (“GE”) to acquire its equipment lending and leasing business in Mexico (“the Company”) in a transaction that includes over \$1.1 billion in assets. The acquisition is subject to customary regulatory and other approvals and is expected to close at the end of the first quarter of 2016.

The Company is a best-in-class leasing platform in an industry with solid fundamentals and strong growth prospects. Upon closing of the transaction, the Company will be Linzor’s third portfolio investment in Mexico, following the acquisition of stakes in Devlyn Holdings and TIP de Mexico, the latter also acquired from GE. In addition, Linzor currently has investments in the financial, education, industrial, retail, and consumer finance sectors throughout the region.
